

Item: \_\_\_\_\_  
Fiscal Impact: None  
Funding Source: Found/Unclaimed Property  
Account # \_\_\_\_\_

Budget Opening Required: ☐

**ISSUE:**

Authorization of appropriation of \$11,282.35 from the Unclaimed Cash account to the Administrative account of the Police Department.

**SYNOPSIS:**

In the public interest, this resolution authorizes the Finance Director to deposit the funds into an account of the Police Department, to be used as determined by the Chief of Police.

**BACKGROUND:**

From time to time the Police Department will have money deposited into the Evidence Room; this money will come from investigations the department is conducting, as found property or has been deposited for safekeeping. These funds have become available to be released to the rightful owner; however, the department has exercised due diligence to find the rightful owner, as required by state law, and the rightful owner has not been identified. Therefore, according to state law, these funds are now available for appropriation, in the public interest, as the City Council directs.

**RECOMMENDATION:**

Approve the appropriation of \$11,282.35 to be deposited into the Administrative account of the Police Department.

**SUBMITTED BY:**

Thayle B. Nielsen, Chief of Police
